### *Saint Augustine School Medical/Immunization/Dental Reminder*

Date: June 28, 2024

Dear Parents/Guardians:

#### **Immunization Law and Policy District of Columbia (DC)**

The Immunization of School Students Act of 1979 established standards for immunizing District students against preventable childhood diseases. To help prevent the spread of infectious diseases, all students attending school in DC must be fully immunized. It is also the policy of the Archdiocese of Washington (ADW).

It is important that every parent understands that Saint Augustine School has an obligation to protect and promote the welfare and common good of all of our students against serious health threat and guarantee the vaccination coverage necessary for the safety of others.

To ensure your children are protected and meet **mandatory** DC and ADW Health Requirements -

- 1) You **MUST** complete and return your student's health forms to Saint Augustine School **not later than August 15, 2024** (these forms were attached to a prior memo dated June 12, 2024).
- 2) Your student will **NOT** attend the upcoming 2024-2025 school year if these forms are NOT received by August 15, 2024. **There are no exceptions.**

Thank you for your attention to this important matter to safeguard your child's health and the well-being of our Saint Augustine School Community.
